retreat. The Mayor, Council, and staff worked together to discuss future management roles,
community outreach, and the development of a new Town website.
REGULAR BUSINESS:
PCAB 18-03 Boundary Line Adjustment No. 72, 4415 91st Pl NE. Public Hearing seeking recommendation

Town Engineer Schroeder gave an introduction of the proposed Boundary Line Adjustment. In 2013 Triad Associates, a professional land surveyor working on the Foster property at 4421 91st Ave NE, determined the deed language for several surrounding lots reflected in the original 1907 Yarrow Point Plat, not the most recent 1913 Re-plat of Yarrow Point. The purpose of this Boundary Line Adjustment is to correct the legal descriptions of the parcels identified below so that those legal descriptions conform to the acknowledged boundaries of those parcels. In late 2017, the Town’s Engineer and Planner met with agents from the Sunnybrae Properties, LLC, estate and their professional surveyor. BLA No. 72 will serve to confirm to the 1913 plate documents and rectify the outdated deed language. All existing structures will be maintained, and no new lots will be created upon approval of this BLA.

Greg Triad, from Triad Associates, gave a recap of the proposal.

Tim Graham, Attorney representing Sunnybrae Properties, LLC, stated that both related property owners effected to the BLA have agreed to the proposal. Mr. Graham discussed the process of review with the Planning Commission.

MOTION: Commissioner Hellings moved to recommend for approval to the Council Boundary Line Adjustment No. 72. Commissioner Dash seconded the motion.

VOTE: 4 For, 0 Against. Motion carried.

The Commission discussed training instructional videos for Planning Commissioners offered by the Department of Commerce and will plan to review them at upcoming scheduled meetings.
