

## **Town of Yarrow Point**

# **2023 Planning Commission Work Plan**

The Planning Commission's mission is to serve as advisor to the Town Council in the review, recommendation, and development of Town land-use and policy issues. To accomplish this, the Planning Commission reviews current land-use issues facing the Town, the region, and the nation and then develops and/or reviews land-use and zoning ordinances in response to those issues. After holding public hearings to review these draft ordinances with citizens of the Town and obtain their comments on the proposed legislation, the Planning Commission forwards their draft and recommendation for action to the Town Council for discussion and possible adoption.
